TOP 3 COMMON AUDIT FINDINGS

Misclassifying Tax Courses as Accounting & Auditing

Tax is a separate field of study and should be reported under the "Other" category. If your certificate says "Tax," it does not count as Accounting and Auditing CPE. Finance also does not count as Accounting and Auditing CPE, Finance happens after financial statements are issued.

Misreporting Dates or Hours to Complete Registration

Don't input false dates or hours just to move forward online.

If you're having trouble, call our office — we're here to help.

Claiming Hours Without a Certificate in Hand

You must have your certificate in hand before claiming CPE hours during registration.

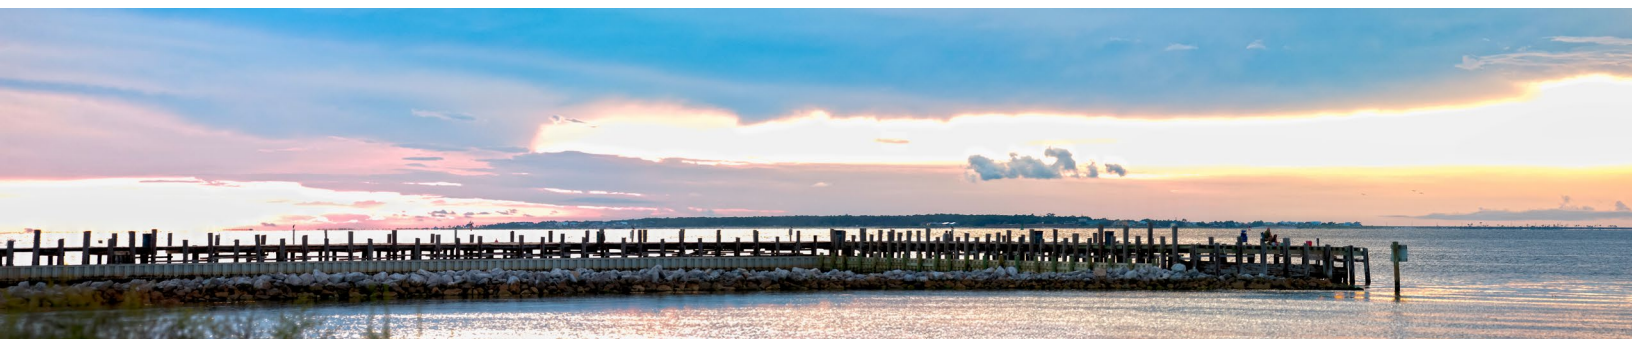

No certificate = no credit.

MOBILITY

Alabama has long supported the principle that CPAs who are actively licensed in another state and whose principal place of business is outside Alabama should be able to practice here without the unnecessary burden of obtaining an Alabama license. This commitment to mobility reflects our innovative approach, allowing these out of state CPAs to serve clients in Alabama with ease while maintaining the highest standards of competence and ethics. It is a practical model that demonstrates Alabama's dedication to innovation, trust, and a business climate where professionals can thrive in a rapidly evolving economy.

Proudly leading the way in championing professional **mobility for CPAs**

Relocating to Alabama and maintaining your CPA license

RECIPROCITY

Alabama has long recognized the importance of making it easier for professionals to work across state lines, and our approach to CPA reciprocity reflects that commitment. For years, CPAs have benefited from reciprocity provisions that allow them to practice seamlessly while maintaining high standards of competency and ethics. This is a practical framework that respects experience, keeps the process efficient, and supports the profession as it continues to evolve. It also demonstrates that the systems that have been in place the longest can still be the ones that serve us best.

MEET NASBot

A New Virtual Assistant Designed to Help CPA Exam Candidates

NASBA

Finding information about the CPA Exam process just got easier.

Instead of searching through multiple webpages, candidates can simply ask their question and receive information drawn from NASBA's official resources. Unlike general AI tools, NASBot only references NASBA-owned and NASBA-approved content. It does not search the public internet, helping ensure responses remain accurate, consistent and aligned with official NASBA guidance.
